This is not the new swing-set PTO put up. It's the original wood one that may need replacing. **A Big THANK You** to our 6th grade parents, they spent way beyond just 7 years. They have chaired many events, worked every event, Even if not in sight they have done so much. Want to mention a few Heather Messinger- sat here for every meeting quietly- she has been at almost all events. She is one of our biggest helpers- we will miss you. Larrissa Kimmel- huge help- as an officer- Fun Run, Bingos. Thank you for everything you have done.

Principal's Report: Mrs. Brumbach - Not much other than to thank out-going. For the tremendous job we have done. Art Show is put off May 24 because of work on AC unit. The secret construction update is we are getting AC_ but what was not known- in order to put in AC they rip out, old units they are putting in new shelves, sinks, water fountains. This building built in 1924 is ancient. And the custodians have it sparkling for 1st day every year. But it has a lot of character. She was excited and had to tell teachers before us- so we had to wait. Have promised AC for Fall 2017. It is a mess here at night while they working on building- and it's amazing that the next day it is cleaned up! This school year is never going to end. June 21 is last day, June 20/21 are half days. It may be really long- so glad because we need every second. PSSA's will be finished tomorrow with make-ups. Being broken up made it unusual. So frustrating as a principal that we expect our kids to perform to these standards- they are struggling and to expect them to come in and perform - the last 2 weeks have been difficult as administration, to see the kids struggling. It is very difficult on these kids. Any questions please ask away- she is here to listen to you!

Election of Officer Results: Current officers re-elected and our new VP is Michele Gordon . Congrats!
